Overnight Hike

The participants walked for fun.

On April 28, an overnight hike was held by the Rover Scout Club. The overnight hike was a good event. The purpose was to welcome the new year students and to get physical power. At first, they all warmed up. Then, they started to walk. The walk was so long.

At 8:45 pm, they left the Club Center and headed for USJ at this time.

The weather was bad, but the participants were walking energetically to arrive at their purpose place. Moreover, they walked a long distance and **made merry**. The new students were a little nervous going on their first trip, but they walked hard. At 5:30 am, they arrived at the place they wanted to go. The participants had a tired expression, but they got **fulfillment** by arriving at USJ amusement park.

Yuya Ootsuki, who planned the

overnight hike this time, gave his impression, "I felt great fulfillment after the overnight hike." Moreover, he said, "I want to enjoy and have fun." We want Kinki University students to take notice of our Rover Scout Club's actions.

The Kindai Girls Beautiful Girls Appeared!!

On April 5, 2014, they appeared at the **Entrance Ceremony**.

They were organized to excite the new students. They are a female idol group who is Kinki University's original act.

Their costumes are showy and have a rare design. They were made to match this year's Entrance Ceremony, which was **"breakthrough"**.

Each member won their place out of many Kinki students, but new students joined them this time. This group was produced by staff who work with Tsunku♂.

Mainly they cheered up new students in the Entrance Ceremony.

We don't know how they will act in the future, but we hope that we focus on "Kindai Girls."

The Cinema Club

The Unknown Background of Self-Produced Films

Do you know **the Cinema Club at Kindai University**? They make their own movies. They mainly have meetings for filming on Tuesdays and Fridays, and make the films on Saturdays and Sundays. Most movies are made by all the club members including first- to fourth-year students, but some movies that were called “**project filming**” are made separately by the students in groups based on their year.

Their club room is on the fourth floor in the Club Center. There is equipment such as cameras, **sound collectors**, lighting and more

in their club room, and a lot of used **props** from the past are in there too. Also, there are things which even the club members cannot understand.

The club leader, Rikiya Sugimoto said, “Even though it is hard for us to make movies, we are fascinated by it. When we finish making a movie, we usually have learned new and different ways of looking at things.” They have held movie shows several times a year, so you can easily go watch them. The next show will be held at Multi-Purpose Hall on

the third floor in BLOOSOM CAFÉ from July 16th to July 18th. Why don’t you go watch their movies in the next show?

What is GPA?

International Grading System

GPA (Grade Point Average) is a grade **index** that is calculated by a special method using student's grades. It is used typically at high schools and universities in the US and Europe. In addition, GPA can be used when students in Japan study abroad or find a job in foreign countries.

The **calculation method** of GPA is easy. First, multiply the grade point and credits. Second, **divide** the point by the total number of **credits**.

Kinki University also started to use it recently. It will be more and more popular among Japanese universities in the future. When you take classes, how about considering not only the number of credits but also GPA?

ALL THIS ARE FAMOUS MANGA!
YOU CAN CHECK THESE OUT
WITH YOUR STUDENT ID.

Dear Tori-chan!

Tori-chan: Hello everyone, My name is Tori-chan!
What is your concern today?

Mr. Sleeper: In the morning, I can't get up early, so I'm late for the first class.

Tori-chan: I understand. If you stay up late and can't get up, you should change your lifestyle. For example, choose one time every night and go to bed earlier. Set your alarm clock for 7 am and keep your time. On school nights keep to your schedule and sleep 8 hours, but on weekends you can have some fun and relax.

Ms. Too Slow: I want to type faster, but I usually make mistakes.

Tori-chan: Typing is difficult. Why don't you practice typing one article from the newspaper every day? Practice makes perfect!

OPINION

Heatstroke

Heatstroke is a disease that is familiar to us. Mainly, we show symptoms of it when we are active outside in the summer. Human beings sweat to maintain their temperature in hot environments. And when we sweat, we have a water deficiency in our bodies. Moreover, the blood supply to our brains decreases, so we suddenly become unconscious and can't stand up.

If you have heatstroke, what should you do? Increasing your water supply is best. It is good to drink sports drinks that include large amounts of salt and minerals. Simple water is not good. Furthermore, it is efficient to rest under a tree, to loosen your clothes and to reduce your temperature rapidly with a fan.

However, recently, many people suffer from heatstroke indoors. We think that we won't suffer from heatstroke inside. The reason this may occur is that we neglect our water supply. Even when we participate in indoors activities, our internal water decreases all the time. This is a pitfall for suffering from heatstroke.

We can prevent heatstroke. Wearing a hat and carrying water at all times on days when it is hot and the sunshine is strong is a good idea. Heatstroke is a terrible disease. We can die due to severe cases of heatstroke. However, we will be able to nip it in the bud through prevention.

オーバーナイトハイク

参加者は楽しみながら歩いていた

4月28日にローバースカウト部が主催のオーバーナイトハイクが開かれた。オーバーナイトハイクは新入生を歓迎するためと体力づくりを目的とする行事だ。午後8時45分にクラブセンターを出発して、ユニバーサル・スタジオ・ジャパンを目指すのが今回の道のりだ。まず、最初に全員で準備運動をして体をほぐしてから歩きに臨んだ。

あいにくの悪天候だったが、参加した人たちは元気よく目的地に向かって歩いていた。道中は参加者がおかしやジュースを摂って楽しく談笑しながら長い道のりを楽しく進んでいた。新入生も初めてのことにとまどいを見せたが、一生懸命歩いていた。明け方5時30分に目的地に着いた。参加者は疲れた表情だったが、目的地にたどり着いたことによる達成感を表していた。

今後も楽しそうな企画を考えるローバースカウト部の活動に注目していきたい。

映画部

知られざる自主制作映画の裏側

近畿大学文化会映画部を御存じでしょうか？自主制作映画の作成をしており、主に火曜日と金曜日にミーティング、土曜日と日曜日に撮影を行っている。制作する映画は基本的に部員全員で作るものが多いが、中には学年別で映画を作る『企画撮影』と呼ばれる映画もある。

部室はクラブセンターの4階にある。部室には撮影用カメラ、集音機材、照明など映画作成に必要な機材がおかれている。また、過去に使用した小道具なども多数置いてあり、中にはどのように使われたのか想像のつかないようなものもある。

映画部では年に数回上映会を行っており、気軽に見に行くことができる。

次の上映会は7月16日から18日までBLOOSAM CAFÉ 3階の多目的ホールで行われる。あなたも是非一度彼らの映画をご覧になってみてはいかがだろう

GPA とは何か

国際成績評価システム

GPA (Grade Point Average) とは、各科目の成績から特定の方式によって算出された学生の成績評価値のことであり、欧米の大学や高校などで一般的に使われている。その他、海外留学や外資系企業への就職などの際に幅広く通用する成績評価制度である。

その計算方法は G P A 対象授業科目のうち、履修登録した科目についてそれぞれの単位数にグレードポイントをかけ、その合計ポイントを、それぞれの単位数の総和で割るというものだ。

今、GPA は欧米だけでなく、日本でも使われ始めている。近大でも最近採用され、今後ますます浸透していくだろう。これから履修登録をする時は、単位数だけでなく GPA も考えるといいだろう。

熱中症

熱中症は室内でもかかる

熱中症は我々の身近にある病気である。主に夏に外で活動をしている時に起こる。

もし熱中症になってしまったときの治療策としては、水分補給が挙げられる。ただの水ではなく、塩分やミネラルを十分に含んだスポーツドリンクなどを摂るのが望ましい。さらに、木陰などで体を休め、衣服を緩めた状態にして、うちわなどで急速に体温を冷やすことも効果がある。

しかし、最近では室内に居ても熱中症を発症するケースが増えている。室内に居たら熱中症にはかからないと思い込み、水分補給をおろそかにしてしまうことが原因に挙げられる。室内で活動する上でも絶え間なく体内の水分は減少する。そのことが熱中症の落とし穴であると考ええる。

熱中症は予防することができる。暑い時や日差しが強い日には帽子をかぶることなどや、水分補給できるものを常に携帯しておくことが望ましい。
